

About the Department:

The department is actively involved in training technical teachers since its inception. As a result of merger of three departments and centre stated above, the department of Education & Management has become a veritable forte of expertise in important areas of Pedagogy & Educational management. The department being the foundation of the Institute feels proud in serving & contributing towards conduct of a greater share of training programmes both in the Institute & in-house. The training programmes are designed on the basis of training needs analysis report and therefore, are highly customized as per the need of the clientele. Design / revision and implementation of courses under Diploma and Degree programmes is a regular activity of the department. The department has offered various new programmes for teachers in the areas of Pedagogy, Student performance evaluation, Accreditation and NBA, Outcome based education & assessment, Strategic management & planning, Emotional intelligence, Problem solving and decision making, Student mentorship and conducted several expert sessions on NEP 2020 under ATAL / AICTE sponsored programmes. Besides developing learning resources, this department is constantly contributing towards preparing video programmes for Gyan Darshan Channel. The department has coordinated vetting of equipment under upgradation of existing polytechnic scheme, Govt. of India.
