

Consent to Publish in the Journal of Engineering, Science & Education

The Author agrees to publish in the Journal of Engineering Science & Education.

Further, the Author confirms:

- that the work described has not been published before (except in the form of an abstract or as part of a published lecture, review, or thesis);
- that it is not under consideration for publication elsewhere;
- that its publication has been approved by all co-authors, if applicable;
- that its publication has been approved (tacitly or explicitly) by the responsible authorities at the institution where the work is carried out;
- that no third party rights will be infringed through the publication. Any material contained in the manuscript (including illustrations, tables, or other material) from third-party sources will be identified as such through citation, indicating the source. If required, author have obtained the copyright permission from the publishers concerned.

The copyright of the article is transferred to the Journal of Engineering Science & Education effective if and when the article is accepted for publication. Without prejudice to this assignment of rights, the moral rights in connection with the article shall remain with you and the other co-authors (if applicable). The author warrants that his/her contribution is original and that he/she has full power to make this grant. The author signs for and accepts responsibility for releasing this material on behalf of any and all co-authors. The copyright transfer covers the exclusive right to reproduce and distribute the article, including reprints, translations, photographic reproductions, microform, electronic form (offline, online) or any other reproductions of similar nature.

After submission of the agreement signed by the corresponding author, changes of authorship or in the order of the authors listed will not be accepted by the Journal of Engineering Science & Education.
