ABOUT THE CONTEST

National Institute of Technical Teachers' Training & Research (NITTTR), Kolkata, (Established by the Ministry of Human Resource Development, Government of India) is one of the best known institutes in the country who is engaged in uplifting of the polytechnic education system of the country by imparting training to polytechnic teaching fraternity. To ensure motivation in skill training among the students, teachers, technical staff members and to foster innovation literacy for improved downstream innovation and productivity in the industries, the Institute has organized 1st National Innovation Talent Contest (1st NITCP) among various polytechnics in the country in February 2017. After successfully conducting 1st NITCP, NITTTR Kolkata cordially inviting polytechnics all over the country to participate 2nd National Innovation Talent Contest for Polytechnics (2nd NITCP).
